REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The cited prior art fails to teach claimed invention alone or in a combination.

Applicant's arguments are persuasive. Specifically, the cited prior art fails to teach "hypertext document includes a geographic position information in a metatag" as claimed. Also cited prior art fails to teach alone or in a combination limitation of "receiving a client position information from the client, wherein a first geographic position identifiable by the client and the search result for the search criteria is used for determining a geographic position of the client using the GPS client/server network." Therefore the claims are allowable over cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sanjiv D. Shah whose telephone number is (571) 272-4098. The examiner can normally be reached on M-F 9-5:30.
